*"I found the inclusion of the videos to be a fantastic learning tool."*

*"This course has completely changed how I look at teaching music."*

*"I'm now actually really looking forward to teaching music in September."*

### How long is the course?

The course is divided into 5 modules, each requiring 4 hours of engagement. Participants who engage with the course for the required total of 20 hours and complete the assignment for each module can download a personal study record and certificate of completion.

### What does the course cover?

The course examines the role of music in the primary curriculum, identifies the musical skills that children need to learn, and provides detailed, practical advice on how to teach them. The focus is on Beginners' Level, though some material from Levels 1, 2 and 3 is also included.

### How much does it cost?

£125 per participant.

The cost includes a copy of *The Music Handbook: Beginners*, which will be sent to you on enrolment.

### When can I take the course?

Right now! Just enrol online to begin.

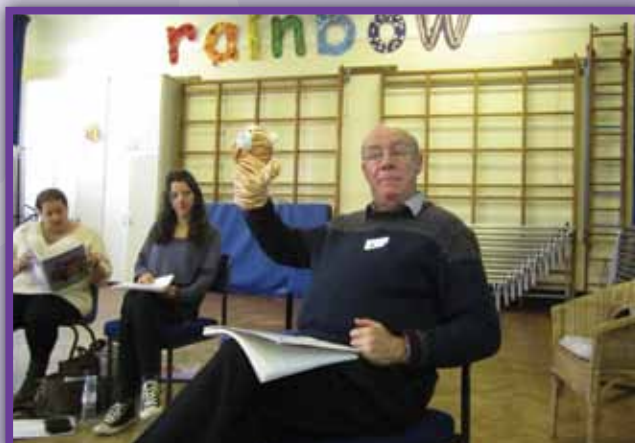

## 2. Whole-school training with a Professional Trainer

### Tailor-made training sessions for your school

Jolly Music Professional Trainers are experienced teachers who have achieved excellent results with Jolly Music and are keen to help others do the same. We can provide training in the UK, Spain, India, Singapore, Indonesia, Malaysia, Australia, and Virginia, USA. All our trainers work independently of Jolly Learning with any fees and costs being paid straight to the trainers, so it's best to contact them directly to discuss your requirements. ## Helping teachers to teach music skills in a fun and effective way

### What is Jolly Music?

Jolly Music is a progressive and structured music curriculum based on the tried and tested principles of Hungarian composer and music educator Zoltán Kodály. The authors, Cyrilla Rowsell and David Vinden, highly experienced practitioners of the Kodály approach, have created an accessible and practical programme that puts the best music teaching in the hands of any teacher, even the non-specialist.

- Child-centred approach that uses traditional playground rhymes and songs to teach key musical elements like pulse, rhythm, pitch, loudness and speed
- Multi-sensory, with all the teaching done through singing. Percussion instruments can also be incorporated
- Packed with games and activities, making every lesson fun
- Step-by-step lesson plans as well as accompanying CDs for additional support
- Each level provides a year's programme of music lessons
- Suitable for use for children aged between 4-10 years

### Jolly Music Player

The complete Jolly Music repertoire on your whiteboard or screen with visuals from the Jolly Music Big Books.

Suitable for use on Mac or PC, this software is intended for use with *The Music Handbooks*. It contains all of the Jolly Music repertoire for each level and can be used on an interactive whiteboard or simply with an overhead projector and screen. Features include:

- Quick access to any song or teaching track
- Songs and rhymes displayed on screen with audio and Big Book visuals
- Optional animation feature shows the pulse (represented by hearts above the words) and the timing of the actions in songs and rhymes
- All of the audio from *The Music Handbooks*, including lesson playlists for every lesson
- Custom playlists
- Printable song information, posters and resources from *The Music Handbook* (templates, rhythm cards etc.)
- Install on as many computers as you own (applies to individuals and schools)
- Available on disk or as download
